

Program Summary Sheet

Student Name: Little John

Program Name: Animal ID

Program Objective: Little John will identify a variety of animals.

Procedure:

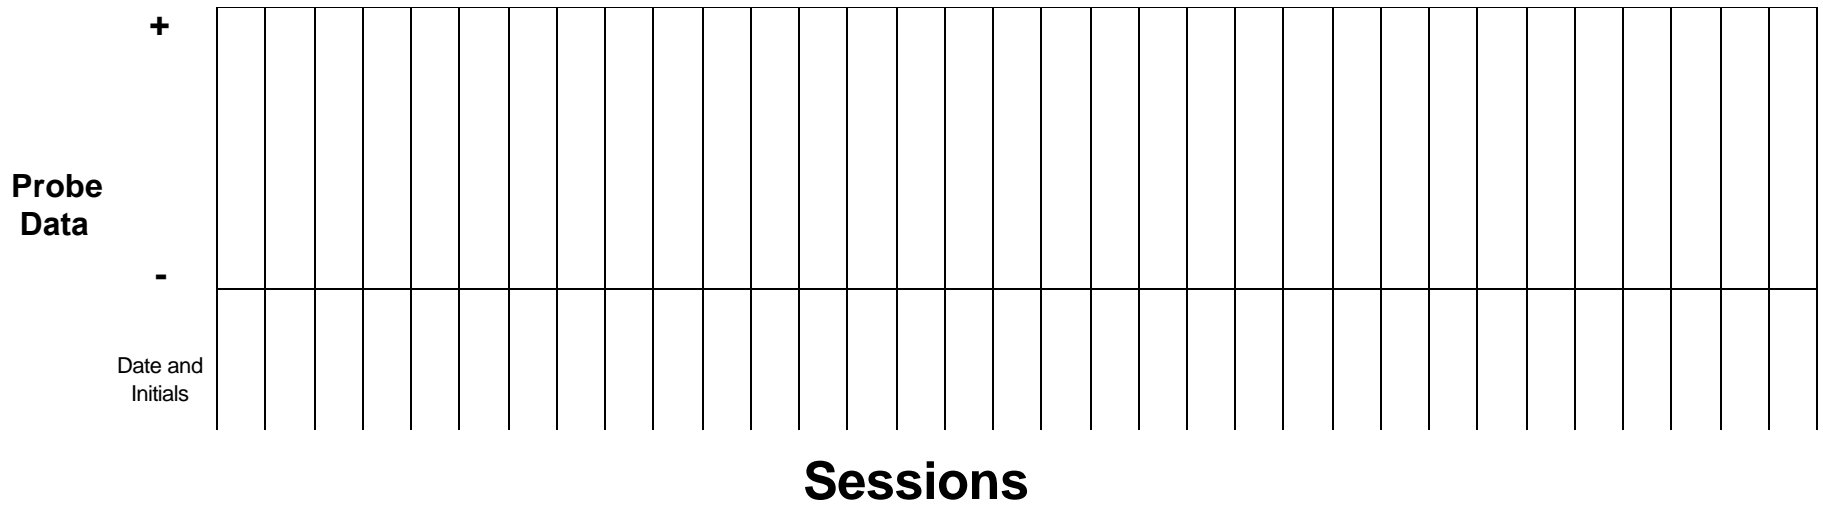

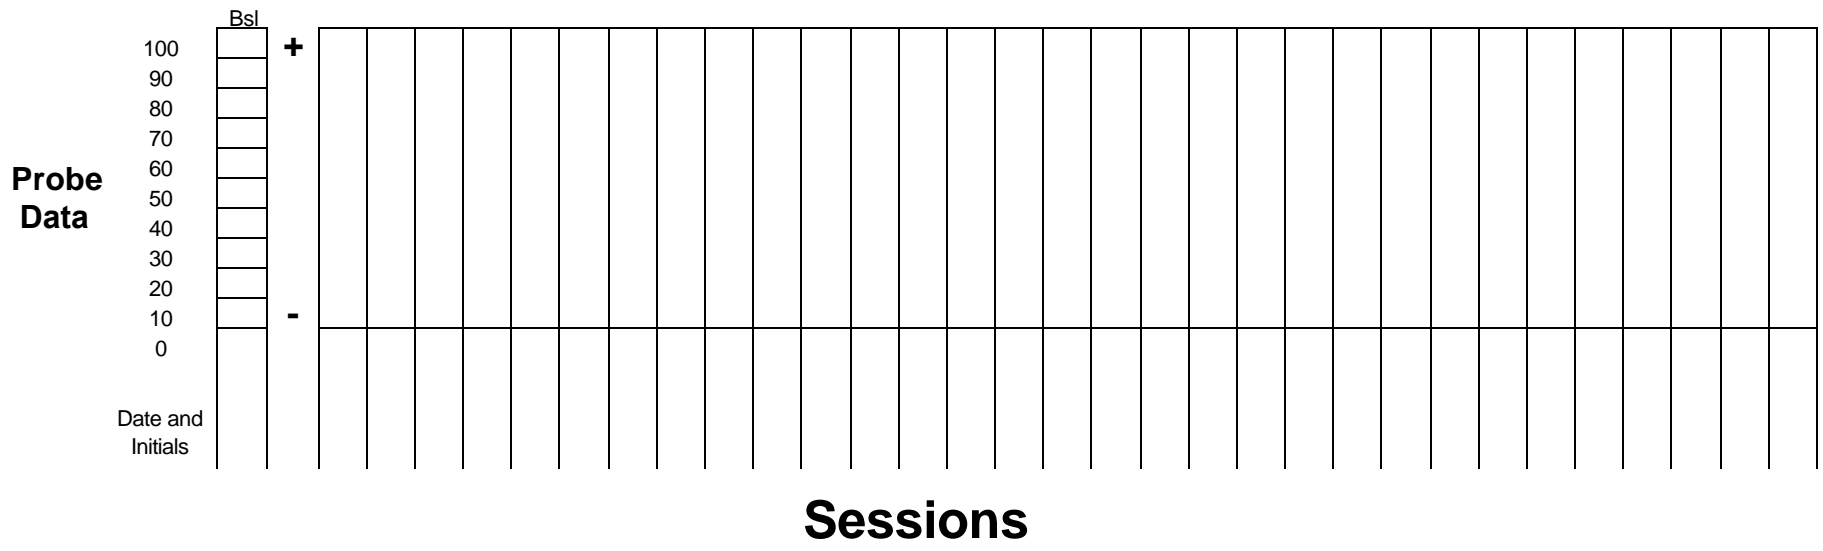

Establish attending behavior and say the S^D. Present the target flashcard with one distracter flashcard. Be sure to vary the distracter flashcard as well as the position of the flashcards. **Be sure to incorporate mastered steps along with the target step. For example, when Little John is working on "horse" he should be able to identify "horse, dog, and cat" when all three pictures are presented together. Little John should eventually be able to identify various animals when presented in a field of at least 6 pictures.** Little John should point to the target animal within 2 seconds of hearing the S^D. Reinforce correct responses. Prompt incorrect responses.

Criteria for Mastery: 2 pluses (+) for 2 consecutive sessions across 1 instructor.

S^D: "Point to (animal)", "Where is (animal)?", "Touch the (animal)", "Show me the (animal)"

Materials: Pictures of animals and toy animals

Step Description	Date Initiated	Date Mastered
1. Dog	_____	_____
2. Cat	_____	_____
